

# THE DUKE FAMILY PERU

January 2013

## Prayer Points

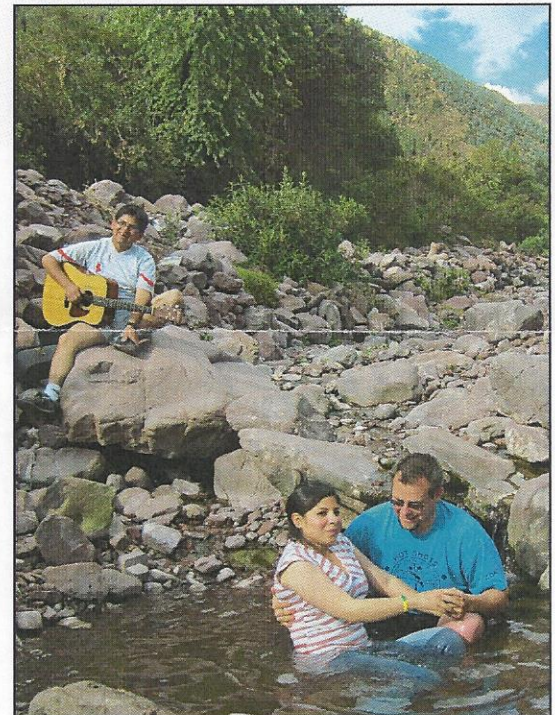

- Discipleship classes for men and women
- New converts
- Continuing ways to show the love of Christ to our community
- "El Refugio" Baptist Church. We continue to have new people who want to be members.
- Spiritual growth of our church family
- Dental Clinic outreach. We really want to use this as an opportunity to reach more people for Christ.
- Outreach events scheduled for 2013:
  - medical/dental
  - english classes
  - youth events

## The Inauguration of "El Refugio"

On November 25, The Refuge Baptist Church became a recognized, organized church with the signing of 20 charter members. It was such an exciting day! Pastor Keith Gillming from Lighthouse Baptist Church in St. Louis, our sending church, was there along with Laura's parents and many visitors. We packed the church out with 72 in attendance. We gave out free backpacks with the church logo, celebrated with a huge cake and then lunch for all of our guests. Along with the official opening of the church, we have officially opened our own dental clinic, "El Refugio Clinica Dental". God gave us a place right down the street from the church and everyday we are full with patients needing dental care. We have 5 dentists who donate their time to attending to patients at a fraction of the cost of regular dental care. Daniel is there everyday to sit and talk with people and share the Gospel while they are waiting. We have several visitors, as well as one lady accept Christ as a result of the clinic and is now a faithful part of our church.

## Baptizing in the River

Having always baptized in Pisac, we wanted to do something different for our church family at "El Refugio" who wanted to be baptized so they could be members. We found an absolutely beautiful place up in the mountains of Cusco and on November 18, we baptized 4 new Christian young ladies in a freezing cold river. To look out and see the majesty of our Creator while watching the majesty of His working in these lives was absolutely amazing! God continues to work in our ministry, seeing people saved and now following Him in baptism. We love how our church is growing and how our people are taking steps of faith and trusting Him more!!
